

make\_base\_model

```
graph TD; A[make_base_model] --> B(add_forcing); B --> C(add_batchfile); C --> D(run_sfincs_model); D --> E(all);
```

A vertical flowchart with five steps. The first step, 'make\_base\_model', is enclosed in a dashed green circle. It is followed by 'add\_forcing' (green rounded rectangle), 'add\_batchfile' (red rounded rectangle), 'run\_sfincs\_model' (yellow rounded rectangle), and 'all' (blue rounded rectangle). Each step is connected to the next by a downward-pointing gray arrow.
